

REVENUE CYCLE FORUMS

Date: Thursday, March 25, 2010

Topic: Achievements in the ED: Quality, Patient Safety, and Improved CMI

Description: Some of the most important steps in the patient admissions process are establishing medical necessity, patient status, and creating an accurate problem list. When these are overlooked, it leads to miscommunication and missed opportunities during treatment or after discharge. This session will introduce the concept of clinical integration beginning in the ED and how it provides a thorough process for improving the quality of clinical outcomes.

During the afternoon session, we will take a glimpse into the future and listed to the experiences of a few hospitals who have implemented a clinical integration program into their ED. The panel will include Dr. Isaac J. Myers, Vice President of Clinical and Business Integration at Wishard Health Services in Indianapolis, Indiana.

Speaker: Melinda Tully, CCDS, MSN, Senior VP Clinical Services and Education at J. A. Thomas & Associates

Melinda Tully has 25+ years in Acute Care as a Clinical Nurse Specialist and Nurse Practitioner. Her experience at J. A. Thomas & Associates, Inc. spans 11 years. She is a recognized national speaker for compliance, clinical documentation improvement, and patient safety and quality initiatives.
